

Here are the questions you should be asking along with our answers to those questions

Are you interested and available to work at our event? [please tell us more about your event to provide an accurate quote i would need to know your venue, length of your wedding day in hours from makup to the end of the night. number of guests, number of photographers you would like working if you would like videography and if you would like an album or any wall art .](#)

We'd like to have (x) photographers working together, is that available through your service? [we can provide up to 4 photographers 2 assistants and 2 cinematographers for your wedding](#)

What would the rate be based on the timeline of x:xx to x:xx (approximately x hours)? [Our packages are customizable from 5 to 12 hours](#)

Would it be possible to adjust or split the rate if we did not need the second photographer for the full x hrs? [our second photographers normally only shoot for the first 5 hours unless circumstances dictate them shooting longer](#)

Will we have full access (preferably digital) and rights to print photos afterwards? [Yes you will receive digitals with a full print release and the option to purchase high quality wall art and albums](#)

What does your rate include (IE. engagement shoot, prints, travel)? [Our normal package rates include an engagement session and the items stipulated in that package and the first 60 miles of round trip travel](#)

Is there anything specifically not included? [Extra travel beyond 60 miles round trip is not included](#)

Are you familiar with either or both of our ceremony site and venue? [-i have been shooting weddings professionally for 18 + years and I am familiar with many venues and If I havnt seen your venue specifically im sure I have seen a few with the same photographic challenges](#)

How will you work with the cinematographers for our event? [If they are our cinematographers we work together like a choreographed dance. If they are from another company it can be a challenge to stay out of one anothers shot](#)

How long have you be doing this professionally? [I started shooting weddings professionally in 2002](#)

About how many weddings have you done? [On average 20-40 weddings a year](#)

What equipment do you have at your disposal? [I own 9 full frame cameras 8 nikon and 1 sony to be used for videography along with a ronin s gimbal for stable video and a mavic 2 pro done for aerial video imaging we also own about 15 full format lenses for use with our cameras](#)

Do you have back up equipment? [Yes I have backups for my backups](#)

What happens if you are late or unable to make it to our event? [I have multiple backup photographers and will make my best effort to have your day covered. in my 19 years i have worked through many physical hardships and never missed a wedding.](#)

What is your contingency plan? [My plan is to have another team member fulfill the contract to completion.](#)

do you shoot onto dual cards? [I always shoot onto 2 cards at a time both in raw format so that there is a perfect high quality instant backup of every shot taken](#)

how do you back up your work at the wedding? [With dual cards](#)

How many copies of our images will you keep? [I will keep 3 copies of each image](#)

How many different locations will you store them in ? [At least 2 different locations](#)

Do you have a 1 million dollar general liability insurance policy? [Yes we do](#)

Are you connected with, or do package deals including, videography? [We do have videographers and the packages that we offer are meant to be used to go hand in hand together to ensure that your day is fully covered](#)

what is your turn around time for wedding photos ? [expect sneak peeks for social media use within 24 hours and final edits within 3-6 weeks](#)

what is your turn around time for video ? [Our standard video turnaround is 60 days](#)
